Given on the following pages are the xerox copies of Alvin R. Squire's Civil War papers from the National Archives. They are given here in the exact sequence that they were received in. All of the copies were on legal-sized paper. For the purposes of this work, the pages have been cut to conform to the 8½" x 11" format used here. Every one of these copies bears (in the upper-left corner or lower-right corner) the message "Reproduced at the National Archives."
